

On-Campus Living Requirement at CMA

All undergraduate, unmarried students under the age of 24 are required to live on campus and purchase a meal plan as part of their educational experience at The California Maritime Academy. Current enrollment exceeds the number of available beds, therefore exceptions to this requirement may be made on a space available basis in accordance with established policies from The Department of Housing and Residential Life. Decades of research and best practices in higher education support the added benefits of living on campus. Students who live on campus take and earn more credit hours, have higher GPAs, and are more likely to graduate than their off campus counterparts.

Research studies provide the foundation for the integral role of on-campus living in student experiential learning at The California Maritime Academy. Provision of intentional educational experiences through professional and paraprofessional staff involvement distinguishes on-campus from off-campus residences. Students become more engaged with the campus, develop independent living skills and enhanced community interactions, gain broader understanding of others, learn leadership and community relations, and have closer proximity and access to campus resources and facilities. Living with others from diverse backgrounds strengthens intercultural competence as students experience, understand and interact effectively and successfully with others who differ in cultural beliefs, behaviors, values, and worldviews.

Campus Living Learning Communities (LLCs), such as living on the Golden Bear for one semester of their freshman year, gives students the practical tools required for cruise and for their maritime training in addition to integrating the formal academic and student life experiences, increased faculty-student interactions, and critical avenues to enhance campus community building activities and traditions. In conjunction with the leadership and “followership” opportunities provided through the Corps of Cadets, students in our living learning communities gain firsthand experience early in their academic careers which prepare them for the rigors of the maritime industry and Merchant Marine demands.

Residing on campus provides students with a safe environment in which to live, sleep, and study while on standby for or on watch standing duty, and where the primary focus is on academics, leadership, teamwork and their chosen line of work. This creates a team building scenario of responsibility and accountability that is crucial for the industry in which they will be entering upon graduation from The California Maritime Academy.

Housing and Residential Life

It is our pleasure to welcome you to on-campus housing at Cal Maritime. We are sure you will find living in the residence halls an integral part of your educational experience.

When you live in a residence hall, you'll have the opportunity to meet people, make friends and have fun. You will become a part of a community of students with similar interests – people with whom you can share your experiences, supporting each other in promoting your success. Overall, we are sure that your experience living in the residence halls will be memorable, a time where you will make friends and memories that will stay with you for a lifetime.

Cal Maritime provides a living-learning community on the Training Ship Golden Bear designed to prepare students in the license programs that will sail on the summer cruise at the end of their first year at California Maritime Academy. This community will provide enhanced learning outcomes that include ship familiarization, safety training, deck skills, and engine room training. In addition to the practical skills training that will be offered, students will also participate in leadership development institutes and programs that include: life skills, transition to college, study habits, smart eating habits at the dining hall, and a variety of other social and educational programming. This program is managed and executed jointly by the Department of Housing and Residential Life and the Department of Leadership Development.

Cal Maritime has four residence halls to choose from. All first year students will be placed into our Upper Residence Hall or on the TSGB, depending on major and company. After your 1st year at Cal Maritime you will be able to select your room and location. All rooms come furnished with wireless internet.

Upper Residence Hall is a traditional style with long hallways and common bathrooms shared by a wing. It is located in the middle of the residential side of campus. This hall has double occupancy rooms of which half of the rooms enjoy a view of the Carquinez Strait, while the other half have a hillside view.

Lower Residence Hall is the hall located on the lower part of the residential area. This hall is suite-style with four rooms to a hallway, which share a common bathroom. The students in these buildings are placed on a first come, first serve basis. All rooms in Lower Residence Hall have double occupancy rooms and enjoy a view of the Carquinez Strait.

McAllister Residence Hall - Cal Maritime opened a new 3-story residence hall in the fall of 2009. One hundred-thirty two students live in the brick-faced building that boasts radiant heating, semi-private tiled bathrooms, double-occupancy rooms with views of Bodnar Field or the Carquinez Straits, and generous community rooms.

Training Ship Golden Bear is the Living Learning residence hall that is located on the waterfront portion of the campus. This hall is suite style with double occupancy rooms that share a common bathroom. Half of these rooms have a view of the Carquinez Strait, while the other half has a view of the campus.
