Cal Maritime – Workplace Safety

• CMA is committed to providing a safe and healthy environment for students, faculty, staff and visitors. This goal is required by a framework of law and regulation, and moreover, by ethical and leadership values that are consistent with the University mission. Executive Order 1039, California State University Occupational Health and Safety Policy, recognizes Environmental Health and Safety (EH&S) as an integral function of the California State University. Pursuant to the Executive Order the campus president designates a campus EH&S program administrator with authority to develop and maintain campus health and safety programs. These programs are designed to mitigate risk of injury or illness that may arise from work related activities. The programs assign responsibility to various campus entities who collectively implement procedures and practices to identify and correct hazards, and provide appropriate communication and training in conformance with the Cal-OSHA Injury and Illness Prevention Program (CCR, Title 8, section 3203) and other applicable State and Federal requirements.

Common Concerns

• Bullying
  – “Workplace Bullying is repeated, health-harming mistreatment of one or more persons (the targets) by one or more perpetrators. It is abusive conduct that is: Threatening, humiliating, or intimidating, or Work interference — sabotage — which prevents work from getting done, or Verbal abuse
    • From the Workplace Bullying Institute
  – Stopbullying.gov
    • Verbal bullying is saying or writing mean things.
      – Teasing, Name-calling, Inappropriate sexual comments, Taunting, Threatening to cause harm
    • Social bullying, sometimes referred to as relational bullying, involves hurting someone’s reputation or relationships.
      – Leaving someone out on purpose, Telling other children not to be friends with someone, Spreading rumors about someone, Embarrassing someone in public

• CMA has no workplace bullying policy

• Impact
  – Individual: Physical, psychological, social
  – Organization: turnover, absenteeism, litigation

• Solutions

Recourse: What are Your Options?

• Informal Approach
  – Assertive communication
  • “Being assertive means expressing your thoughts, opinions, feelings, attitudes and rights in an open and honest way. When you’re assertive, you stand up for yourself, while still respecting others. At work, assertiveness involves balancing getting what you need with being respectful of the needs and rights of your coworkers, subordinates, and supervisors.”

Recourse: What are Your Options?

• Ombuds Program
  – The Cal Maritime Ombuds Program enhances the university environment by providing an informal, confidential, neutral, and independent avenue for resolution of University-related concerns, conflicts, or disputes which are not covered by collective bargaining agreements or cadet regulations. This voluntary program offers early availability for dispute-resolution outside of traditional formal grievance process.

• Disputes and concerns are heard by a Dispute Resolution Facilitator (DRF) who is an impartial, trained, full-time member of the campus community. The role of a DRF is to listen, receive, and provide information to involved parties, provide informal facilitation between parties when requested, and such other functions normally within the purview of the Ombuds Program.

• A DRF:
  – listens and is non-judgmental;
  – respects the concerns of all sides and remains impartial;
  – facilitates communication between individuals or groups;
  – provides a safe and confidential place to talk – everything is confidential, to the extent allowed by law;
  – answers questions and directs parties to appropriate resources;
  – helps to objectively analyze the situation, and identify and evaluate options for resolution; and
  – provides important feedback to management by reporting issues and trends while maintaining confidentiality.

• All questions and requests for assistance should be directed to the Director of University Affairs at 707-654-1788
