Cal Maritime Operating Hours

No one shall enter or otherwise remain on University Property between the hours of 11:00 p.m. and 6:00 a.m., or at such other times as published or posted by University housing and residential programs, and other similarly specialized University programs. This prohibition shall not apply to persons possessing valid written authorization from a University administrator, persons on legitimate University related business, or persons attending a specific University sponsored event. Those persons with legitimate University business reasons, valid written authorization, or attending a University sponsored event, shall be allowed to remain and access University Property as allowed in their authorization or through the duration of the specific event, after which time they shall leave University Property without any appreciable delay. This prohibition shall not apply to persons transiting on a roadway or path designated as open to the public.

Campus Time, Place and Manner Regulations

Access to and use of designated University Property must be scheduled and registered in advance, as noted in the list of University Property set forth below. Certain uses of University Property may be subject to fees, require liability insurance, and/or an indemnity agreement which must be provided by those who seek to engage in such uses. All users assume responsibility for all damage they cause to University Property. Failure to pay for damage to University Property may jeopardize future access to and/or use of University Property and can result in discipline for Students and Employees who are responsible for the damage, as well as civil or criminal action.

For purposes of this Addendum the following terms shall apply, as set forth in the CSU's Systemwide Time, and Manner Policy:

A. Public Areas

A Public Area is University Property that is available for public assembly, marches, demonstrations, protests and debate. Right of access and equality of access are provided in these areas, so long as activities are lawful and do not disrupt University operations. Content-based restrictions are prohibited, but reasonable time, place and manner regulations will be applied. Spontaneous activities may take place in Public Areas without pre-scheduling or reservations.

B. Limited Areas

A Limited Area is University Property that is available to the public but due to business operations, safety concerns, or other important University interests, is not open for purposes of assembling, marching, demonstrating or protesting. Activities in these areas may require scheduling and reservations with the University, and are available on a limited basis, subject to campus regulations that are narrowly tailored to address the University's legitimate business interests.

Access to and use of *certain* designated University Property must be scheduled and registered in advance, as noted in the list of University Property set forth below. Certain uses of University Property may be subject to fees, require liability insurance, and/or an indemnity agreement which must be provided by those who seek to engage in such uses. All users assume responsibility for all damage they cause to University Property. Failure to pay for damage to University Property may

jeopardize future access to and/or use of University Property and can result in discipline for Students and Employees who are responsible for the damage, as well as civil or criminal action.

C. Non-Public Areas

Except for areas designated as Public Areas and Limited Areas, all remaining University Property, including the interiors of all buildings and facilities are Non-Public Areas. These areas are not open to the public and the University can restrict access to Non-Public Areas on a Content and Viewpoint Neutral basis.

Activities and Uses on University Property Requiring Written Permission

The following activities and uses are prohibited unless prior written permission from the appropriate University official is obtained, or as otherwise provided in each Campus Addendum.

A. Posters, Signs, Banners, and Chalking

Chalking is allowed only by recognized student organizations, and university-affiliated groups/departments. It is restricted to flat, horizontal surfaces, such as sidewalks, at least 20 feet away from building entrances. Chalking may only use water-washable chalk, and requests must be submitted in writing via email to [University Affairs](#) for review and approval. Any request shall include a commitment by the organization(s) to remove all chalk within five calendar days of placement.

Posters and signs can be placed on general use public bulletin boards inside campus buildings but must not exceed 11"x17" in size. Campus-affiliated groups or individuals are allowed only one poster per bulletin board, and the posters must not overlap others. Tacks or staples must be used for fastening, with tape prohibited. Staked temporary signs are limited to 8.5"x11" and must be placed in shrub areas, avoiding lawns. Signs, posters, and flyers may not be attached to trees or campus structures without prior approval. Signs, posters and flyers must be removed within 14 calendar days after posting or once the event is over.

Banners up to 3'x6' require a request submitted at least two weeks in advance and must be approved by the Senior Director, Facilities Management or a designee. Sandwich boards must not restrict sidewalk or building entrance access. All signs and posters must clearly identify the sponsoring organization and contact information. Temporary signs must be removed within 14 calendar days after posting or once the event is over.

Violations of these regulations can result in the removal and disposal of signs without notification, and responsible parties may be charged for cleanup. The regulations emphasize

environmentally friendly communication methods. This approach helps maintain an uncluttered, attractive, and safe campus environment while supporting free expression within set guidelines.

- B. Due to the presence of the port and sensitive waterfront operations, no Unmanned Aircraft System (UAS) (also known as a drone) may be flown from, on, or around University Property without the express written approval of the University President.
- C. Use of University Property for commercial purposes is prohibited without the express written approval of the University President.
- D. University Flagpoles are reserved for official University use only. Flags flown on outdoor, permanently installed flagpoles located on University Property serve as a means of expression of the University's official sentiments as determined only by the University President or the Chancellor, as applicable. They are not a forum for free expression or expressive conduct by members of the University community or the public.
- E. To address public safety concerns, persons contemplating holding public assemblies, marches or demonstrations are strongly encouraged to notify the University Police Department at least 24 hours in advance of the event. Where facilities or equipment are required or commercial activity is involved, the University's Conference Services protocols must be followed.
- F. Outdoor events and activities that involve amplified music or speech are permitted between 6:00 a.m. and 10:00 p.m. Prescheduling through University Conference Services is required and applicable rental agreements must be followed. The use of amplified sound outside these hours requires prior written approval of the University President.
- G. Requests to conduct commercial filming and still photography on campus must be submitted to University Affairs and requires the written approval of the University President.
