SPECIAL SAFEGUARDS FOR FACILITIES OR ACTIVITIES

Security of and Access to Campus Facilities

All campus facilities are key or key-card accessed, and most are open daily for scheduled campus community use. The Housing and Residential Life Complexes are accessible by key card for the gates and resident rooms. Campus key control and distribution is a function of Facilities Services. To provide for the security of campus facilities, the University Police enforces Educational Code 89031 & Housing Policies. Campus facility access may be revoked per Penal Code 626. Non-monitored, recording security cameras are located in various buildings throughout campus.

Security Considerations Used in Maintenance of Campus Facilities

Regular inspections and security surveys of campus indoor/outdoor lighting, shrubbery, and walkways are conducted. The University participates in Crime Prevention through Environmental Design concepts for planning and improvements on campus.

Special Event Safety Planning

Preparation for large events on campus involves the creation of Incident Action Plans, according to the Standardized Emergency Management System, and in collaboration with mutual aid agencies and contracted safety personnel.

New Student Orientation

University Police personnel provide personal safety tips and emergency contact information to new students on a regular basis. Students are informed of policies and safety programs through regular outreach through email, social media, and tabling at events throughout the academic year.

New Employee Orientation

The offices of Environmental Health & Safety and Human Resources present safety policies and procedures to new employees through in-person orientations. Employees are informed of injury and illness prevention, workplace violence prevention, confidential victim/survivor counseling services, safety programs, and voluntary, confidential crime reporting procedures.

ACTIONS IN THE LAST 18 MONTHS TO INCREASE SAFETY

- Continued Shelter in Place/Active Shooter education.
- Sponsored student training in partnership with Health Services and CAPS that identifies the misuse and/or illegality of alcohol consumption
- CMPD has added 6 Flock cameras on the perimeter of the campus. Flock Cameras are solar-powered and motion-activated infrastructure-free cameras that gather vehicle information. The information alerts officers when the camera reads/recognizes a license plate listed on a local “hot list” from local, state, or federal databases.
- CMPD has added 2 ‘Raven’ security cameras at the entrance to the lower Cal Maritime campus. These cameras will record data for criminal investigations.
- CMPD, in collaboration with the Vallejo Police Department, has installed ‘ShotSpotter’ technology on campus. This system will allow officers to get information related to geolocating gunfire in the area of the Cal Maritime campus.
- CMPD has placed our solar light trailers in strategic areas on campus as a means of creating safer walking pathways.
- Updated Building Evacuation maps and associated assembly areas for all of campus.
- Implementing a new emergency communication system with more capabilities and is a common system within many State agencies.

CHANGES IN SAFETY PRECAUTIONS DURING THE NEXT 24 MONTHS

- Implementation of improved emergency preparedness measures for the TSGB
- Established a permanent Inclusion Center in Morrow Cove. Cadets can utilize the Center as a safe space to socialize, study, or participate in educational programming around social justice, equity, and inclusion. A team of paid Peer Equity Leaders and dedicated professional staff members from the Division of Student Affairs will support the Inclusion Center.
- We are in the process of implementing a new Port Pass Access system for security, access, and accounting for crew and cadets accessing the ship.
- A “Stop the Prop” campaign continues to emphasize the importance of not propping doors open and securing spaces, especially in residential areas.
